Windshield & Dash Mount
Dashboard Mounting Pad
User's Manual

Features:
• Compact and portable Windshield & Dash Mount
• Strong silicone clamp for security when vehicle is in motion
• Supports all devices up to 3.25" wide
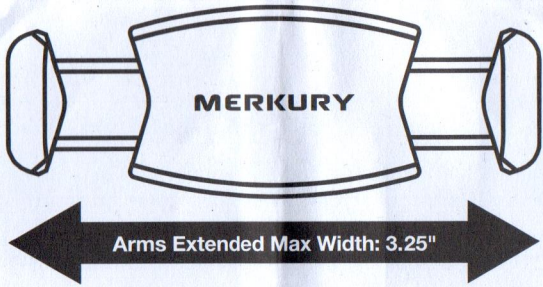

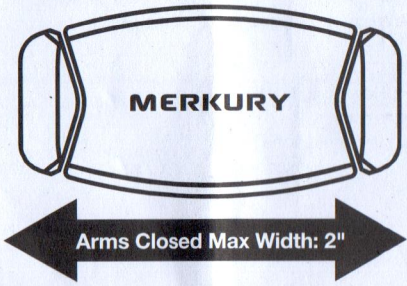

Detailed Instructions & Diagrams

See main mount drawing for reference.

Warning: Do not attach to surface with your device mounted

- Clean designated windshield/dash area, removing dirt and dust, before attaching the mount to the surface.
- Remove protective plastic film from the bottom of the suction cup.
- Align to designated location on the windshield/dash and press the suction cup firmly against the surface. Press the lock lever down to suction on to the surface.
- Turn the adjustment knob counter clockwise to loosen mount's head and easily adjust the angle. To tighten and secure the mount head, turn the knob clockwise.
- Make sure the angle adjustment knob is tightened and that mount is secure before installing your device.
- Use the mounting pad when a surface is not smooth. Remove the clear film from one side, place on the desired area, and remove the film from the exposed side. Attach the suction cup to the mounting pad.

Adjustable Arm
